My dear Mr. Mirza,

Many thanks for the good wishes and kind greetings contained in the beautiful and artistic card received the other day. Need I say that I reciprocate your sentiments most warmly and cordially, and fervently pray to God that you may be spared for very many years to come in the fulness of health, happiness and bliss of every kind to exercise a powerful influence for good within the Mysore State and in the halo of the throne of her August Ruler?

I finished the inspection of the office of the A.G. Behar & Orissa at Ranchi before the Christmas holidays and am now inspecting the office of the A.G. Bengal at Calcutta. This work will keep me

in Calcutta upto the beginning of the hot weather when I shall proceed to Shillong to inspect the offic of the Comptroller, Assam.

You must all be very busy now in connection with the arrangements for the approaching visit of H.R.H. the Prince of Wales. I have no doubt that everything will pass off smoothly and that H.R.H. will be most favourably impressed with the traditional & lavish hospitality of Mysore and its transcendental personality of his host.

With best wishes and affectionate regards,

I am yours very sincerely

J. Chakravarti
